Core Services – Mutual Funds

**Mutual Funds Units can be held in Demat or SOA (Statement of Account form)**

Destatementization (Destat)
- Conversion of mutual fund units held in physical form i.e. statement form into electronic form

Restatementization (Restat)
- Conversion of mutual fund units held in demat form back into physical form
Core Services – Mutual Funds

Transfer
- *Transfer is the process by which investor can transfer MF units to another demat account*

Freeze
- *Investor can freeze the MF units in his demat account by giving instruction through DP*
Transmission
- Transmission is the process by which all securities including MF units of a deceased account holder are transferred to the account of his legal heirs/nominee.

Pledge
- If an investor takes loan against MF units owned by him, then said units are pledged in favor of the lender (Pledgee). The borrower is called ‘Pledgor’ and the lender is called ‘Pledgee’.
Core Services – Mutual Funds

MF Subscription

- *Through Normal Subscription by purchasing directly from the fund or through an authorized broker, often through an online platform.*

- *Through Exchange Platform*
